The screenshot shows a web-based application for managing vehicles. At the top, there is a search bar labeled "Search" with a red box around it. Below the search bar are several input fields: "Authorised Unit" (dropdown), "Chasis No." (text input), "Engine No." (text input), "Tyre Size" (text input), "CC" (text input), "Weight (Empty)" (text input), "Purchase Company" (dropdown), "If Not Write Purchase Company" (text input), "Probable Purchase Date" (date input), "Asset No." (text input), "Asset Name" (text input), and a checkbox for "Is Active". Below these fields are four buttons: "Save" (green), "Refresh" (blue), "Preview" (light blue), and "Close" (red). The main area displays a table of vehicle data with 6 rows. The columns are: Sl, Registration No., Vehicle Type, Brand, Chasis No., Engine No., Asset No., Is Active, and Action. The "Action" column contains icons for edit and delete. A red box highlights the "Edit" icon in the first row's action column. The table has a header row with the same column names. At the bottom of the table, there is a navigation bar with links for "First", "Previous", "1", "2", "3", "4", "5", "...", "Next", and "Last". On the right side of the table, a message "Showing From: 1 of 193" is displayed. The top right corner of the screen shows a user profile with the number 184321.
